

# AP German Language and Culture

## Suggested Summer Assignment 2018

Teacher: *Frau Rebecca Mooney*

You can read an overview of the AP German Language and Culture course and exam here:

The AP German Language and Culture course is structured around six themes:

### Suggested Assignment:

1. To continue your German studies over the summer, please listen to, read and watch in German every week for at least 60 minutes. Keep a digital journal of all your intentional German exposure. Please make at least 10 entries in your German journal. Each entry should cite what you watched, read or listened to, the site at which it can be found and a short 3-5 sentence summary of the information presented. Also include any new German words you learned (including articles for nouns and past tense forms for verbs) and their definitions in English. Doing this during the summer will not only keep your German fresh, it will also aid you in some assignments during the school year, especially any podcasts you listen to and news articles you read.

2. Also study vocabulary from the AP lists (there are several) on my Quizlet site: FrauMooney, for example.:
